2016 ADVANCED TRAINING Registration

2016 IPLLA Regional Meetings

SCHEDULE

9:00 – 11:00

New Products – Technology / Safety / Use

Mr. Greg Fletcher, Dow Agro Sciences ■ Mr. John Turner/Ms. Stephanie Darnell, Bayer Crop Science

Leading manufacturers will be sharing in-depth information about new products, technology, safety, and handling of various insecticides and herbicides available to the lawn and landscape industry. Each presentation will review the product's pest spectrum, mode of action, and product label. We will look at Personal Protective Equipment requirements, appropriate mixing and application rates, and pollinator protection when insecticides are involved.

11:00 am – 12:00 pm

Lunch On Site (included in your registration fee)

12:00 – 1:00 pm

Indiana State Chemist Update

Mr. Joe Becovitz, OISC

Each year, the State Chemist sets enforcement priorities for the upcoming season. These will be reviewed, as well as case studies of enforcement activities from 2015. Joe will also review proposed EPA revisions of licensing and testing requirements for some types of applicators, and answer questions regarding the storage, use, and disposal of pesticides in your business.

1:00 – 2:00

Invaders Inside and Out

Dr. Tim Gibb, Purdue University

The majority of annual nuisance pests that come into our home and buildings every fall originate in the lawn and landscape. Many are old standby pests that are expected each year. However, some we have never seen before or are newly produced pests that we are now just getting acquainted with. How do we identify them? Why are they attracted to homes? Where do they originate? How can they be prevented?

2:00 – 2:15 pm

Break

2:15 – 3:15 pm

Instituting and Executing a Winter Equipment Maintenance Program

Mr. Rick Harrison, Senior Service Tech, Kenney Machinery

Rick will first look at the goals of such a program. We will discuss equipment and tools needed as well as the nuts and bolts of the program. From an employee safety perspective, we will discuss developing an equipment fleet maintenance log, best practices to insure a sound maintenance program, and how to conduct safety reviews including accident reporting.

3:30

Workshop Closes

SCHEDULE EACH DAY

8:00 am

Registration Desk Opens

9:00 to 11:00 am

Morning Session

11:00 am to 12:00 pm

Lunch

12:00 to 3:15 pm

Afternoon Session

SPECIAL CLASS

Indiana Irrigation Contractors Council (IICC) To Hold Winter Training at Plainfield and Merrillville Workshops

In conjunction with RainBird and Hunter Industries, the Indiana Irrigation Contractors Council (IICC) will hold training programs on **February 10th** at the Plainfield Regional Workshop and again on **February 17th** at the Merrillville Regional Workshop.

Program Content will include:

- Water efficiently: Best practices for efficient landscape irrigation
- High efficiency nozzles
- Smart Control
- Advances in irrigation technology
- Review of the principles of two-wire technology
- Simple troubleshooting steps
- Practice lessons learned using hands-on displays

Contractors wishing to participate in the workshop in your area may do so by registering for the IPLLA/IICC event and doing so online at iplla.com and then clicking on **EVENTS**.
